MATH Review – with both grades finishing their Math textbooks within the next few weeks, we will spend the last month of school reviewing and trying to master areas of Math that may have been a struggle for your child this year. We will also try to complete any sections on IXL that haven't yet been completed. Some students have been more diligent at trying to keep up with IXL assignments throughout the year. Please check your child's online IXL Math to see how many "medals" he/she has gained. Students ARE allowed to complete IXL assignments at home however I strongly encourage you to have the student work independently and not simply give answers to questions a student finds difficult. IXL does have an explanation process a child can go through to help him/her see mistakes.

What comfort this sweet sentence gives!
He lives, he lives, who once was dead;
He lives, my ever living Head!

He lives triumphant from the grave;
He lives eternally to save.
He lives all glorious in the sky;
He lives exalted there on high.

He lives to silence all my fears;
He lives to wipe away my tears.
He lives to calm my troubled heart;
He lives all blessings to impart.
